

# PRISTA® MARINE C 30/6

## MARINE OILS

### Description and Application

**Prista® Marine C 30/6** engine oil is formulated with carefully balanced high quality lube base stocks and a special selection of additives, especially designed to ensure high equipment protection.

**Prista® Marine C 30/6** oil is system oil, developed for crankcase lubrication of the components and cooling of the pistons of low speed crosshead marine engines. This is also suitable for the lubrication of some auxiliary mechanisms and units such as stern tubes, gear drives, transmissions and other deck equipment.

**IMPORTANT:** **Prista® Marine C 30/6** oil is not fit for the lubrication of trunk piston diesel engines.

### Benefits

- Effectively neutralize the combustion acid components promoters of corrosion
- Excellent thermal and oxidation stability
- Rapid separation of entrained water
- Superior protection of metal surfaces against corrosion
- Low foaming tendency

### Specifications

	Marine Oils
SAE J300	SAE 30

### Typical Characteristics

Parameter	Test Method	Typical Value
Density at 20°C, g/ml	EN ISO 3675	0.887
Kinematic Viscosity at 100°C, mm <sup>2</sup> /s	EN ISO 3104	11.5
Viscosity Index	ISO 2909	95
Flash point COC, °C	EN ISO 2592	240
Pour point, °C	ISO 3016	-21
TBN (HClO <sub>4</sub> ), mg KOH/g	ASTM D2896	6.0
Sulfated Ash, %	EN ISO 3987	0.8
Rust Preventive Properties in the presence of synthetic sea water	ISO 7120	pass

Important note: typical data values do not constitute a specification but are an indication based on current production and can be affected by allowable production tolerances. The right to make modifications is reserved.

### Health, Safety and Handling

Based on current available information, this product is not expected to produce adverse effects on health when used for the intended application.
